

# ARTEMIS' FOOD STAIN REMOVER

PRODUCT DATA SHEET

ALL-PURPOSE STAIN REMOVER FOR ORGANIC AND WATER-BASED STAINS ON CEMENT TILES

Artemis' Food Stain Remover is a versatile cleaner designed to eliminate organic and water-based stains from cement tiles and other hard surfaces. Ideal for both indoor and outdoor use, this powerful solution effectively removes food stains, leaving surfaces spotless without damaging the underlying material.

## TYPICAL APPLICATIONS

Artemis' Food Stain Remover is suitable for removing organic and water-based stains on cement tiles, stone, and other non-porous surfaces.

## BENEFITS

- **Effective Stain Removal:** Targets and removes organic and water-based stains.
- **Surface Safe:** Gentle on cement tiles and other hard surfaces.
- **Multi-Purpose:** Suitable for use indoors and outdoors.

## CONTAINER SIZE

32 fl. oz. (950 mL)

## HOW TO USE

Before applying Artemis' Food Stain Remover, clean the surface to remove dust and debris. Test on a small, hidden area to confirm compatibility. Avoid applying on heated surfaces, and remove any wax or protective layers for best results.

Avoid mixing with other chemicals.

For absorbent surfaces, moisten surface slightly with water first. Apply product directly to the stain, ensuring full coverage. Gently scrub with a soft brush or sponge.

Let the product sit until the stain dissolves:

- Food stains (coffee, wine, etc.): 30 minutes to 2 hours
- Ink stains: 30 minutes to 3 hours
- Mold/algae: 15 minutes to 1 hour

After treatment, blot and rinse with water to remove all residues. Repeat if needed.

Allow the surface to dry completely before use. Rinse tools with water immediately after use.

**NOTE:** Artemis' Food Stain Remover is effective for removing organic and water-based stains but may require multiple applications for deep or persistent stains.

## PRECAUTIONS

Prioritize the use of adequate technical equipment to ensure a safe working environment. Ensure the area is well-ventilated, ideally with effective local aspiration to maintain air quality. Use appropriate personal protective equipment (PPE), including gloves, eye protection, and a respirator if ventilation is limited. Use tools designed for chemical application, such as brushes or sprayers, to apply Artemis' Food Stain Remover safely and effectively.

## CAUTION

Keep away from heat, hot surfaces, sparks, open flames, and other ignition sources. No smoking. Avoid breathing dust, fumes, gas, mist, vapors, or spray. Use only outdoors or in a well-ventilated area. Use non-sparking tools when handling. Wear protective gloves, eye protection, and face protection. Ground and bond container and receiving equipment to prevent static discharge. Use explosion-proof electrical, ventilating, and lighting equipment. Wash hands and face thoroughly after handling.

## FIRST AID

IF IN EYES, remove contact lenses if easy to do so and rinse immediately with plenty of fresh water for at least 15 minutes, keeping eyelids fully open. Seek immediate medical attention. IF IN CONTACT WITH SKIN, remove contaminated clothing and footwear. Wash thoroughly with running water and soap if available. Seek medical advice and avoid re-contact with contaminated clothing. IF INGESTED, do NOT induce vomiting unless explicitly advised by a medical professional. Do not give anything by mouth to an unconscious person and seek immediate medical attention. IF INHALED, move the individual to fresh air and ensure they are comfortable for breathing. If respiratory symptoms persist, keep the person warm and comfortable. Administer oxygen if necessary, and if the person stops breathing, provide artificial respiration. Seek medical attention promptly.

## STORAGE

Store in the original, sealed container in a cool, well-ventilated area, away from direct sunlight. Keep away from heat sources, open flames, sparks, and other ignition points.
